The hotel shuttle departs the hotel grounds on the top of each hour. Should the amount of persons exceed shuttle capacity on a given hourly run, another shuttle run will be attempted prior to the next hour. This is a mass-transit amenity, available to all hotel guests. Drop-off and/or pick-up times can be impacted by guest usage on a given hour, Indianapolis traffic conditions, weather, etc... If you have already scheduled a pick-up time, please allow a reasonable amount of time before calling the hotel and asking its status. Once in transit, the hotel is unable to reach shuttle drivers for status, changes, etc... **Please arrange transportation at the front desk prior to usage** so we can have an idea of destinations and persons riding on a given hourly run.

For guest safety we ask that persons continue to follow current CDC guidelines regarding COVID-19 protocols, in respect to vaccination status.

The shuttle will not operate unless scheduled.
